

COUNTY COURT IN FAVOR OF LARGER FUND FOR SCHOOL

Delegations From City and County Organizations Will Attend Monday's Session in Interest of the Teachers.

The largest delegation that has appeared in the county courtroom in years will probably attend the session of the court next Monday, in the interest of increased pay for the teachers in the county schools.

That the taxpayers of the county are almost a unit in favor of an increased appropriation for the county schools is evident from the mail which is reaching the chairman's office. Hundreds of letters are received every day, all asking that the court make an appropriation for the schools large enough to enable the county board of education to pay the teachers both in the elementary and high schools the salaries proposed by Miss Chari Williams, the superintendent.

It is probable that the discussion of the teachers' salaries will occupy practically the entire session Monday. Delegations from the Chamber of Commerce and the various civic clubs in the city and from Parent-Teacher associations and other organizations in the county are expected.

Members of the county court seem to be unanimous for a larger school appropriation for teachers' salaries; therefore it is probable that a resolution will be passed expressing the opinion of the magistrates, although the appropriation will not be made until the July term, after the tax rate committee has reported.

If much time is given to the discussion of the needs of the schools it is probable that the election of a tax rate committee and the board of equalization may go over for a week.

BISHOP GAILOR TO SPEAK AT ST. MARY'S

Bishop Gailor will preach at St. Mary's cathedral Friday night at 8 o'clock in connection with the services in observance of Good Friday, which began with morning prayer at 10 a.m. and an address by Rev. Three hours devotion and meditation upon the last seven words of the Savior was to have been observed Friday afternoon from 12 to 3 o'clock, conducted by the Very Rev. P. DUM. Devail, dean of the cathedral.

The services at the cathedral for Saturday, as announced, are: Preanaphora, 10 a.m.; confirmation

administered by Bishop Gailor, 4 p.m.; national services, 4:30 p.m.; service and instruction in preparation for the holy communion will be held at 4 o'clock. REPORT SHORTAGE OF FRUIT PACKAGES

CRYSTAL SPRINGS, Miss., April 2. (Sp.)—The Crystal Springs Manufacturing company wrote Anderson-Tully Co., of Vicksburg, for crates on cabbage crate laths and received a reply to the effect that they could furnish at \$2.50 per hundred. As there are 12 laths to a crate the price per crate without heads would be 30 cents. It appears from this that our rate of 40 cents per crate is far below prices prevailing elsewhere. It is the opinion of Mr. Wallace, president of the Crystal Springs Manufacturing company, that the question confronting growers here is not so much the price as the ability to get crates at any price. If cabbage is shipped from here in bulk this season it will be from inability to procure crates. Those who have bargained for crates are admonished to go to work now and store them against the time when they will be needed.
